Landscape Guarantee and Maintenance of Site Improvements

Prior to final inspection or Certificate of Occupancy (CO) the Department of Planning, Community Development and Property Maintenance (DPCDPM) shall inspect all required improvements to ensure that all site improvements have been installed appropriately. At time of issuance of the Final Inspection and/or Certificate of Occupancy (CO) the property owner shall execute this *Developer's Agreement* or provide a cash bond or irrevocable letter of credit to ensure that all site improvements shall be maintained in proper condition in perpetuity. This agreement shall be recorded at the property owner's expense and a copy of the recorded document shall be provided to the DPCDPM.

The property owner at the time of final inspection guarantees that the installed improvements (such as but not limited to stormwater management facilities, parking, landscaping, signage, and required screening or buffering) shall be maintained in good condition in perpetuity. Upon notification by the Town the property owner(s) and their successors or assigns shall replace/repair all unhealthy, dead, dying diseased plants, broken parking lot surfaces, broken or missing parking bumpers, fencing used for screening which has been broken or deteriorated to a condition where it no longer effectively screens the dumpsters or outdoor storage area(s), and malfunctioning stormwater management facilities.

The DPCDPM shall inspect the required site improvements approximately one-year after installation to determine that the required site improvements are being properly maintained. Any items which need repair/replacement shall be noted on the inspection. The property owner(s) shall be notified of any deficiencies and permitted 30-days to address the deficiency.
